

## Breeding Terms

Stud fees for all our boys are set at \$2,000 for two collections of fresh chilled semen.

Stud service is provided for approved bitches only. Bitch must be at least two years of age and have a minimum of hips, elbows and eye clearance.

A \$400 non-refundable, non-transferable service/handling fee is available as a convenience for known breeders. Fees are due upfront and prior to the first shipment of semen, no exceptions. The remaining \$1600 is due within 10 days after 2 or more live puppies are whelped.

If one puppy results, no further money is owed.

If stud fee is paid upfront in it's entirety, and one or zero puppies result, a free re-breed is given and must be used within 2 years.

Fees can be paid with PayPal using friends and family only. If you prefer to mail a check that can be mailed to us but will need to be received before first shipment will be shipped. No refund will be given.

The bitch owner is responsible for all shipping charges, and can be prepaid with either a credit card or a FedEx account number. The bitch owner is also responsible for providing or purchasing shipping boxes and extenders. If you would like to ship your own boxes and/or extender to me, please contact me for my mailing address. Otherwise I have kits (Minitube extender and new/unused Exodus Canine Express shipping boxes) available for purchase at the price of \$120 (2 boxes and extender which is my cost with shipping to keep these on hand). If you select to purchase boxes and extender you must pay for those with the service/stud fee before first shipment.

Progesterone testing is required to determine the optimal date of shipping and insemination.

We are not responsible for loss of semen during transport or late arrival of shipment.

Please contact me with any further questions or requests at [greenstonelabradors@gmail.com](mailto:greenstonelabradors@gmail.com)  
You are welcome to contact us to discuss purchase details of frozen semen.
